## SEVERE ON CROKER.

Tammany Hall Leader Jumped upon by a London Newspaper.

### BULLER'S SUCCESS.

He Telegraphs the War Office That He Has Taken Dundee and Put the Boers to Flight—Severe Fighting at Mafeking.

London, May 15.—The Express advocates the ostracism of Richard Croker in England in revenge for Tammany's attitude on the Boer war. It says: "It has not escaped notice in this country that an American welcome to the Boer delegates has been inspired and encouraged by Tammany Hall, which is controlled by the notorious boss, Richard Croker."

"The records of Tammany are already black enough without the addition of this new infamy. But what makes the action of Tammany peculiarly infamous now is the fact that Croker claims this hospitality of an English domicile, poses as an English country gentleman and runs race horses on the English turf, yet is aiding and encouraging the worst of England's enemies."

"Croker's position is practically on all fours with that of the duke of Orleans, except that perhaps he does not carry that taint of personal uncleanness which made his highness of Orleans un-

RICHARD CROKER.

fit to associate with his respectable fellow creatures. The duke has already paid the penalty of having fallen under this ban of social ostracism."

"Croker is having excellent reasons for not spending more of his time in America than he can help. He has bought Moat House, Wantage. His claims upon our hospitality have already been fully recognized, for he is admitted to various sporting clubs of more or less importance. He now apparently desires to qualify as an English landowner by encouraging the voters whom he controls in New York to express in men who are engaged in shooting the song and brothers of other English land owners."

"This may be American politics, but it may be doubted whether it will commend itself to the members of those clubs which Croker has hitherto attended."

### BULLER'S SUCCESS.

He Takes Dundee and Says Boers Have Left the Vicinity.

London, May 15.—Judging from Buller's dispatches the British advance is little more than an arduous march. The Boers who were active at first, later appear to have shown the same readiness to retreat which is now marking the movements of the federals in the Free State. Apparently the burghers are about to evacuate Natal and concentrate for defense at Laings Nek northward, and Van Reenans Pass west.

The reoccupation of Dundee by the British places the coal supplies there again in their hands. From elsewhere there is little news of a definite character. Interest for the moment is almost entirely centered in Mafeking, whence the wife of the mayor received a cablegram setting forth that all were well on May 4.

The war office received the following dispatch from General Buller:

"Dundee, May 15.—We have occupied Dundee. About 2500 of the enemy left for Glencoe where they are entrained. Their wagons also left yesterday by De Jagers drift and Dannhauser road. Their Kaffirs said they were going to Laings Nek. Almost every house in Dundee was completely looted. The Navigation colliery is all right. The machinery of the Dundee colliery was destroyed. The houses of the town were damaged, but structurally intact."

### Rundie Checks the Boers.

Brandsdrift, May 15.—General Rundie has completely checkmated the attempt of the Boers to come south again, and the enemy is retiring before the persistent advance of the British army. Many have been captured or are surrendering. There were 150 of these yesterday and today, and among them President Steyn's brother. Ladybrand district is clear of Boers. They have evacuated Mequatlings Nek and are now near Linsley.

### Fight at Mafeking.

London, May 15.—The Boers on Saturday occupied the Kaffir location at Mafeking. They were in turn attacked during the night of Saturday, and on Sunday found themselves surrounded. The Boers lost 7 killed and 17 wounded. The British loss is reported to be heavy.

### Boers Still Around Mafeking.

Plumers Camp, May 15.—Scouts who have been arriving here say the bombardment of Mafeking on May 1, was not heavy. Twelve hundred and eighty refugees from Mafeking have reached here.

Patrols who have returned from the northern borders of the Transvaal say they saw no sign of Boers. All is quiet here.

The Boers regularly patrol the neighborhood of the vicinity of Mafeking, but do not seem disposed to be aggressive.

### Concentrating at Vaal River.

Kroonstad, May 14.—It is reported the whole of the Boer forces are concentrating on the Vaal, withdrawing from Figgersberg and the southwestern borders. It is computed that not more than 2000 Free Staters will fight in the Vaal.

Railway communications with this place are expected to be open Thursday. The transport is working smoothly, troops and horses receiving full rations, water is plentiful and health of the troops excellent.

### Conflicting Reports.

London, May 15.—A special dispatch from Lorenzo Marques says it is reported a large force of Boers has been captured at Mafeking.

At Pretoria, it is added, on the other hand, that Mafeking had fallen.

### Consul Ordered from Pretoria.

Lisbon, May 15.—It is rumored here President Kruger has ordered the Portuguese consul to leave the Transvaal republic.

### ONE STRIKE SETTLED.

Suburban Railway Company Settles With Its Employes at St. Louis.

St. Louis, May 16.—The strike on the Suburban Street Railway company's system having been settled cars on that road began running as usual today. In pursuance to an agreement reached a large number of strikers have returned to work. All police officers who have been guarding the Suburbans' cars and other property since the strike began were ordered to other scenes of activity.

This left the police department with a larger force of men with which to operate the lines of the St. Louis Transit company and to guard the laborers of the street department, who numbering several hundred, are engaged in removing obstructions of various kinds and debris from tracks all over the city.

### Strikers Losing at Kansas City.

Kansas City, May 15.—The street car strikers have continued to lose strength and there is hardly a semblance of the strike on the Metropolitan lines. In every part of the city full complements of trains are operated without the least friction. The strikers' threat to pull crews off their cars were not carried out.

### HAVANA MAYORALTIES.

The Civil Governor Appeals to the Mayors for a Joint Election.

Havana, May 15.—Senor Nunez, civil governor of the province of Havana, has issued a circular to all the mayors of the provinces urging them to see that elections are carried out with strict justice. He says the law does not forbid any functionary from offering himself for reelection. This especially applies to mayors who have supreme control of questions of the public order, who must therefore not attempt to impose their own candidature against public will as by so doing public order might be disturbed.

The people, the civil governor says, must not give reason to say Cubans are now living under mere mockery of liberty due on one hand to government and on the other to revolution, but the law must be equal to all.

At a meeting of the National party all committees were called on to send in nominations for mayor, councilmen and judges with the number of the votes obtained by each. Committees are also reminded they must select men who really are members of the party and not those who have joined at the last minute for the sake of the party's support.

### Militia Company Formed at Perry.

Perry, O. T., May 15.—Bert G. Orner, adjutant general of Oklahoma, organized Company L, of Oklahoma militia. Sam B. Wadsworth was made captain, Dr. W. L. Maupin first lieutenant, and W. K. Barrett second lieutenant. The company consists of 42 men. Uniforms and guns will be procured immediately.

### Killed by a Train.

Bloomington, Ill., May 15.—C. O. Ladd of Bloomington was killed by a train at Niles, Mich. He was the Illinois agent for the Wrought Iron Bridge company of Cleveland, O.

### NEWS IN BRIEF.

The Republican party in congress is again demonstrating its principles of paternalism and protection by attempting to place a prohibitive tax upon oleomargarine in order to drive it out of competition with natural butter. It is the same old struggle of government to control the affairs of citizens with the sole view of bettering the fortunes of other citizens. It cannot be denied that oleomargarine is wholesome and palatable. It is an honest and economical article. But it comes into destructive competition with the product of the cow and hurts the business of people who own cows though it stimulates the business of people who own stock cattle and those who have cotton seed to sell. The rule of conduct of Republican party is to shape its legislation in favor of those who vote the most numerously and make the largest contributions to campaign funds, regardless of the inherent right of the proposition. It so happens that the dairy interests of the north and middle states are worth more to the Republican party than the cattle of the west and the cotton farmers of the south. The probability is, therefore, that oleomargarine will be taxed by a Republican congress, if the measure can be reached in time.—Galveston Tribune.

### WILL MAKE INQUIRY.

United States Looking into the German Colonization of South America.

Washington, May 15.—In view of the significant references to the enforcement of the Monroe doctrine by Secretary Root, Senator Lodge and other prominent men, the state department has taken steps to secure data on the subjects. The burden of these speeches has been the startling increase of the German colonies in South and Central America, which have been regarded as menacing the Monroe doctrine. It has also been asserted that these German colonists maintain their home customs in the new land, deal almost exclusively with Germany, use only the German language, have almost autonomous governments within the limits of American republics and are, in fact, little Germanies wherever located.

The state department has addressed an instruction to every minister and consul in South and Central America to inform the department fully on all points of which reference has been made. Of course Germany is not referred to by name, for such a direction might naturally give umbrage to the German government. The circular applies to colonists of all nationalities, though it is of course, expected that the consuls in coming their reports, will differentiate the colonists.

### FIVE WHITECAPS.

They Are Arrested Near LaGrange after Holding up a Negro.

La Grange, Tex., May 15.—George Larkin, a negro of the Haw creek neighborhood, was halted in the road in the Round Top colored community Sunday night by six whitecaps. The parties all approached him on one side and he jumped out of his gig on the other side and crawled through a barbed wire fence and ran to a house a few hundred yards distant, where he told of his adventure. A negro girl, one of the inmates, volunteered to get his horse and gig, but on reaching the scene of the holdup was accosted with violent epithets and ordered to leave. As she started to leave several shots were fired at her, some of the missiles going through her clothes, but not injuring her. One of the persons was recognized by his mask becoming removed and four others by their voices. A courier was sent to notify the officers at Round Top, who by daylight had five of the six lodged in jail.

### Color Line Obliterated.

Chicago, May 15.—The Methodist general conference adopted, amid great applause, report No. 5 on the episcopacy as follows: "There should be no discrimination on account of race or color. Men should be chosen because of worth and fitness of person. We believe the time has come when the general conference may safely and wisely choose a bishop from among the 1700 ministers of African descent, and we recognized the need of a bishop among the people of African descent."

### Girl Confesses to Forgery.

Quincy, Ill., May 15.—Edna Hoover, aged 19 years, who recently came to this city from Hannibal, was arrested on the charge of raising and forging checks. She was given a check for \$5 by R. H. Baird of the state soldiers' home, and she raised this check to \$50 and forged another signing Baird's name for \$30. She drew the money and spent it. She confessed her guilt, and as her relatives intend to return the money, she will probably not be prosecuted.

### Dallas Policemen Arrested.

Dallas, May 15.—Charles Gunning and George Smith, patrolmen in the employ of the city, has been arrested on a charge of obstructing the United States mail. They waived examination and were placed under \$100 bond each, to appear before the United States grand jury. It was said that the patrolmen arrested the driver of a mail wagon for reckless driving, wherein they delayed the dispatch of the mail.

### Dr. Cook Dead.

Pine Bluff, Ark., May 15.—Dr. J. D. Cook is dead at his home here. Last Friday morning he was shot by J. S. Estes in front of Sam Fies' livery stable. Dr. Cook was 56 years old. He was born in Illinois, but resided for many years in various parts of Texas. He was well known in Dallas, Houston, Galveston, San Antonio, Fort Worth, Austin and Waco, in each of which cities he resided for several years. Estes is out on bond.

### The Negro Lynched.

Augusta, Ga., May 15.—William Willis, a negro, who shot and killed Alexander Whitney, a popular young man of this city Sunday evening was lynched near Grovetown, about 12 miles from here yesterday. The mob which disposed of Willis took him from the Richmond county officers, who boarded a train for Atlanta.

### May Use Double Headers.

### No Grapes from Laredo.

### Killed Near Beckville.

Beckville, Tex., May 15.—In an impromptu duel near here Malcom Juner was killed. C. A. Baxter surrendered to the sheriff. Both men were prominent farmers living about six miles from here. Shotguns were the weapons.

### Unique and Delightful.

A merry company of married and unmarried ladies assembled at the beautiful home of Mrs. G. S. Parker yesterday afternoon and were made to forget the unfavorable weather by the thoroughly charming manner in which they were entertained. The unique and delightful function was complimentary to Mrs. J. E. Josey of Huntsville. The receiving party was composed of Mrs. Josey, Mrs. G. S. Parker, Mrs. M. Parker, Mrs. W. H. Oliver, Mrs. John M. Lawrence, Mrs. W. D. Lawrence, Mrs. Tyler Haswell, Mrs. Seth Mooring, Mrs. T. F. Castles, Miss Frances Parker, Miss Kate Lawrence.

After greetings and the exchange of pleasantries a card was distributed to each of the guests wherein was printed a short southern story, introducing the names of more than seventy authors. Those names had to be supplied by the guests, blanks having been left for the purpose, in order to complete the text of the story, and as may be imagined, exceeding great familiarity with literary productions and the names of writers was necessary to the task. "Heroes and Heroines of Shakespeare" were the prizes. Mrs. C. A. Adams was the fortunate one in the married ladies contest, while Miss Dollie Carr won in that of the young ladies. The guest prize a beautiful fan, was presented to Mrs. Josey.

In another contest, the reading of "A Tale of a Latch Key", which presented a severe test in the pronunciation and articulation of unfamiliar words, afforded abundant amusement. Mrs. W. S. Wilson was most successful in this instance. Naopolitan cream and cake was served.

## BAPTISTS ADJOURN.

The Convention Next Year Will Be Held in New Orleans.

### REMARKABLE SCENE.

An Address Made by a Negro Missionary Causes Applause and a Shower of Money—He Pleaded for Assistance in Africa.

Hot Springs, Ark., May 15.—Southern Baptist convention adjourned late yesterday evening to meet at New Orleans on Friday before the second Sunday in May next year. Rev. Dr. Mullins was elected to deliver the convention sermon.

Another Booker Washington appeared at the last moments of the Southern Baptist convention. He was Rev. Chas. S. Morris, a tall young man of brown skin, and his eloquence thrilled the big assemblage. He is a missionary among the blacks of Africa, and had been granted a few minutes for the purpose of making a plea for missionary work on the dark continent. A half dozen other missionaries had just told of their labors and while the convention listened with interest, it remained for the negro to stir the great gathering, when with splendid eloquence he told his hearers that Carey was not the first modern missionary, but that the pioneers were the godly women who took charge of the slaves when they landed in old Virginia and clothed and fed them and gave them the gospel.

The thousands in the audience overwhelmed him with their applause and it was some time before ex-Governor Northern, the president, could obtain silence. "Brethren," he said, "I am in sympathy with your applause but it is against the law."

The crowd saw the smile on his grizzled face and broke forth in fresh applause. Crowds pressed forward and struggled to get near enough to "throw money on the platform." Several hundred dollars in silver and notes were at Morris' feet. He said not to give money to him, but to turn it over to the treasurer of the convention and have it used to send messengers throughout the south to arouse the colored people to cooperate in mission work in Africa. The outpouring of money was so spontaneous that even after the eloquent black had refused to receive it, it was flung at his feet.

The last day of the convention was crowded with business. The convention adopted resolutions of Rev. Dr. Cranfill of Texas to report on the relations to the convention sustained by the denominational papers.

There was a good sized collection taken up for the Southern Baptist Theological seminary. The finance report showed an increase of more than 25 per cent for foreign missions over the previous year and the increase of Baptists in foreign lands reached 50 per cent.

Rev. W. M. Vines of Asheville, N. C., submitted the report on frontier work, and Rev. T. S. Potts of Memphis, presented that on cities, while Rev. J. E. White of North Carolina made a report on the work in mountain regions. Rev. J. Breckner of Missouri reported on the work in Cuba, and Rev. Dr. L. J. Holt of Tennessee submitted a report on the enlargement of home missions work. The report recommended that \$150,000 be raised for home missions.

## PASSES NAVAL BILL.

Senate Disposes of the Measure after Five Days' Debate.

VOTE WAS 32 TO 19.

An Armor Plate Plant Is Provided for to Cost Not Exceeding \$4,000,000—House Passes Two Important Bills.

Washington, May 15.—After a discussion lasting five full days the senate passed the naval appropriation bill. Practically four days were devoted to the consideration of the armor plate proposition which was agreed to finally as reported by the committee with the exception that the secretary of the navy is authorized to make contracts only for such armor as may be needed from time to time. The secretary of the navy is authorized to secure armor of the best quality at \$445 per ton, but if he is unable to obtain it at that price he is then authorized to pay \$545 per ton for armor for the battleships Maine, Ohio and Missouri and proceed to erect an armor factory to cost not to exceed \$4,000,000, one-half of which amount is made immediately available. The committee's proposition carried by a vote of 32 to 19.

The secretary of the navy is directed to purchase five Holland torpedo boats at a price not exceeding \$170,000 each. Just before adjournment Mr. Nelson of Missouri, called up the "Free Homes" bill and it was passed without a word of debate.

Senator Hanna at the opening secured the adoption of a concurrent resolution directing the secretary of war to make a survey of the harbor at Cleveland with a view to its further improvement. A bill was passed to fix the terms of the circuit and district courts of the western district of Louisiana.

A bill providing for the appointment of a collector of customs for the customs district of Hawaii at a salary of \$4000 per year and for such deputies as may be necessary was passed.

The house passed the general deficiency appropriation bill and the military academy bill, the last of the supply bill, will follow it. The deficiency bill carried \$3,329,021 and was passed substantially without amendment.

The general debate was devoted principally to political topics, the feature being a severe arraignment of the administration by Mr. DeArmond of Missouri. A bill was passed to authorize the Seneca Telephone company to construct and operate lines in the Indian Territory.

### CLARK RESIGNS.

Senator from Montana Asks That His Seat Be Declared Vacant.

Washington, May 15.—Senator Clark of Montana has presented his resignation to the senate. He alleges as reasons the nonjudicial character of investigation conducted by the senate committee on privileges and elections and the irrelevant testimony admitted, and claimed a majority of the committee had done him an injustice in their report to the senate.

At the conclusion of Mr. Clark's speech in presenting his resignation many senators crowded around him and shook his hand most cordially.

As soon as order was restored Mr. Chandler asked that consideration of the resolution declaring his seat vacant be postponed until tomorrow, which was done.

### AGAINST BLACKLISTING.

Senator Jones Introduces Such a Bill and Provides Relief and Penalty.

Washington, May 15.—Senator Jones of Arkansas has introduced a bill to prevent and punish blacklisting by railroad companies, sleeping car companies, express companies, steamboat companies, telegraph and telephone companies engaged in interstate commerce, and also to provide a civil remedy in damages for blacklisting. It is a very lengthy measure and goes into the subject of blacklisting and provides methods of obtaining information concerning the same. Corporations are directed to keep a record of employees and every employee is entitled to see his record. The bill prohibits blacklisting for participation in a strike or labor trouble. Officers or employees of a corporation convicted of blacklisting any person are to be punished by imprisonment not less than two nor more than ten years.

### To Regulate Trusts.

Washington, May 15.—The trust question led to an animated discussion in the house judiciary and a constitutional amendment being finally adopted by a party vote giving congress power to define, regulate, control, prohibit or dissolve trusts, monopolies or combinations whether in the form of corporations or otherwise.

This amendment and bill restricting trusts was framed some time ago by a special subcommittee on trusts.
